About the Series

Once a month, participants will meet live on Zoom for a 90-minute interactive master class, including:

- a short lecture/demonstration
- your chance to try things out– for yourself (on mute) or live for Camilla
- an extended Q&A session

*Through these classes, you'll have access to clear, stylistically informed, and personal interpretations. You won't find this information anywhere else: **I'm passing on my legacy acquired over decades of my collaboration and friendship with leading composers and teachers.***

In each workshop we'll thoroughly explore a different piece or approach, from Kaija Saariaho and Karlheinz Stockhausen to Bach, Berio, Moyse, and Japanese shakuhachi traditions.
